

Briningham Parish Council Biodiversity Policy

Legislation

In accordance with the Duty imposed by Section 40 of the Natural Environment and Rural Communities Act 2006 as amended by Section 102 of the Environment Act 2021, Briningham Parish Council will, in exercising all its functions, actively consider how it can conserve and enhance biodiversity.

Biodiversity comes from the words biological diversity and is the variety of life on earth, including plants, animals, bacteria, and fungi and the natural systems that support them.

Aim

Through its work Briningham Parish Council will aim to conserve and enhance biodiversity contributing to the achievement of national goals and targets on biodiversity¹ developing an agreed Action Plan for the parish.

The Council will:

- manage its land and buildings to enhance and improve biodiversity through best practices engaging with allotment holders, grounds maintenance contractors and volunteers to encourage them to:
 - ✓ plant indigenous trees and wildflowers
 - ✓ enhance local water bodies as advised by local wildlife experts
 - ✓ install bird/bat boxes and creating hedgehog friendly gardens
 - ✓ reduce reliance on pesticides and herbicides.
- consider the impact on biodiversity when commenting on planning applications ensuring where it is appropriate and possible that there is a net gain in overall biodiversity:
 - ✓ support good design that helps improve the local environment integrating existing habitats and trees within new developments
 - ✓ support development that increases overall biodiversity.
- educate, advise and raise awareness of the public's understanding of biodiversity and encourage them to improve biodiversity
 - ✓ engage with the local community to raise awareness of biodiversity through newsletters and website
 - ✓ actively involve the community in projects to enhance biodiversity, through projects including tree planting and installing bird/bat boxes
 - ✓ seek out local enthusiasts/experts to help monitor biodiversity including undertaking surveys for birds, mammals and reptiles.
- encourage landowners and businesses to improve biodiversity
 - ✓ engage with landowners and businesses to promote the importance of biodiversity, where possible creating green corridors that benefit wildlife.

Review

The Parish Council will regularly review and update its agreed Action Plan.

Date Approved: ...15th July 2024 . Date to be reviewed ...2027.
